

How to Search EnviroStor

There are multiple ways to search EnviroStor. The recommended way to search the system is dependent on the information you have to search by:

- [I have partial/full address information.](#)
- [I know the site/facility is in EnviroStor and have specific information regarding the site/facility \(i.e. EPA ID\).](#)
- [I have an Assessor Parcel Number \(APN\).](#)

I have partial/full address information:

1. On the EnviroStor home page, enter the partial or full address of the location you would like to search by in main **Search** tool. As you enter information, the system will provide suggestions on possible sites / facilities, alternate names, or reports that meet your criteria. You can select a site or facility from the list and go directly to the view detail report, or press enter to conduct a map search based on information entered.

TOOL TIPS:

- You can conduct a search by entering a full address, street name, city or zip code.
- It is recommended that you start your search by casting a wide net, for example, by entering the zip code of the location you are interested in.

How to Search EnviroStor

- If you did not select a site or facility from the list, the system will conduct a map search. You will be directed to the interactive map that will identify the location that you searched by.

How to Search EnviroStor

3. To view sites within a specified distance of an address, enter the desired radius (in feet) in the **Limit to Sites within** field and click the **Go** button. You can change the limit and to adjust the radius.

You can filter by site/facility types by checking/unchecking the boxes in the legend

The screenshot displays the EnviroStor web application interface. On the left, a sidebar titled 'ENVIROSTOR' contains two main sections: 'Cleanup Sites' and 'Permitted Sites'. The 'Cleanup Sites' section has checkboxes for Federal Superfund, State Response, Voluntary Cleanup, School Cleanup, Evaluation, School Investigation, Military Evaluation, Tiered Permit, and Corrective Action. The 'Permitted Sites' section has checkboxes for Operating, Post-Closure, and Non-Operating. Below these are expandable sections for 'Other Sites' and 'GIS Layers', and a 'Tools' section with a 'SHARE THIS MAP' link. The main map area shows a street map of Baldwin Park, CA, with a red circular search radius centered on a location. A search box at the top left of the map contains the text 'Baldwin park, ca' and a 'Map Address' button. A pop-up window titled 'Baldwin Park, CA, USA' is overlaid on the map, showing a 'LIMIT TO SITES WITHIN' field with the value '10000' and a 'GO' button. A 'REMOVE SEARCH RADIUS' link is also present. The map shows various streets, landmarks like Santa Fe Dam Recreation Area, and nearby cities like West Covina and Azusa.

TOOL TIP:

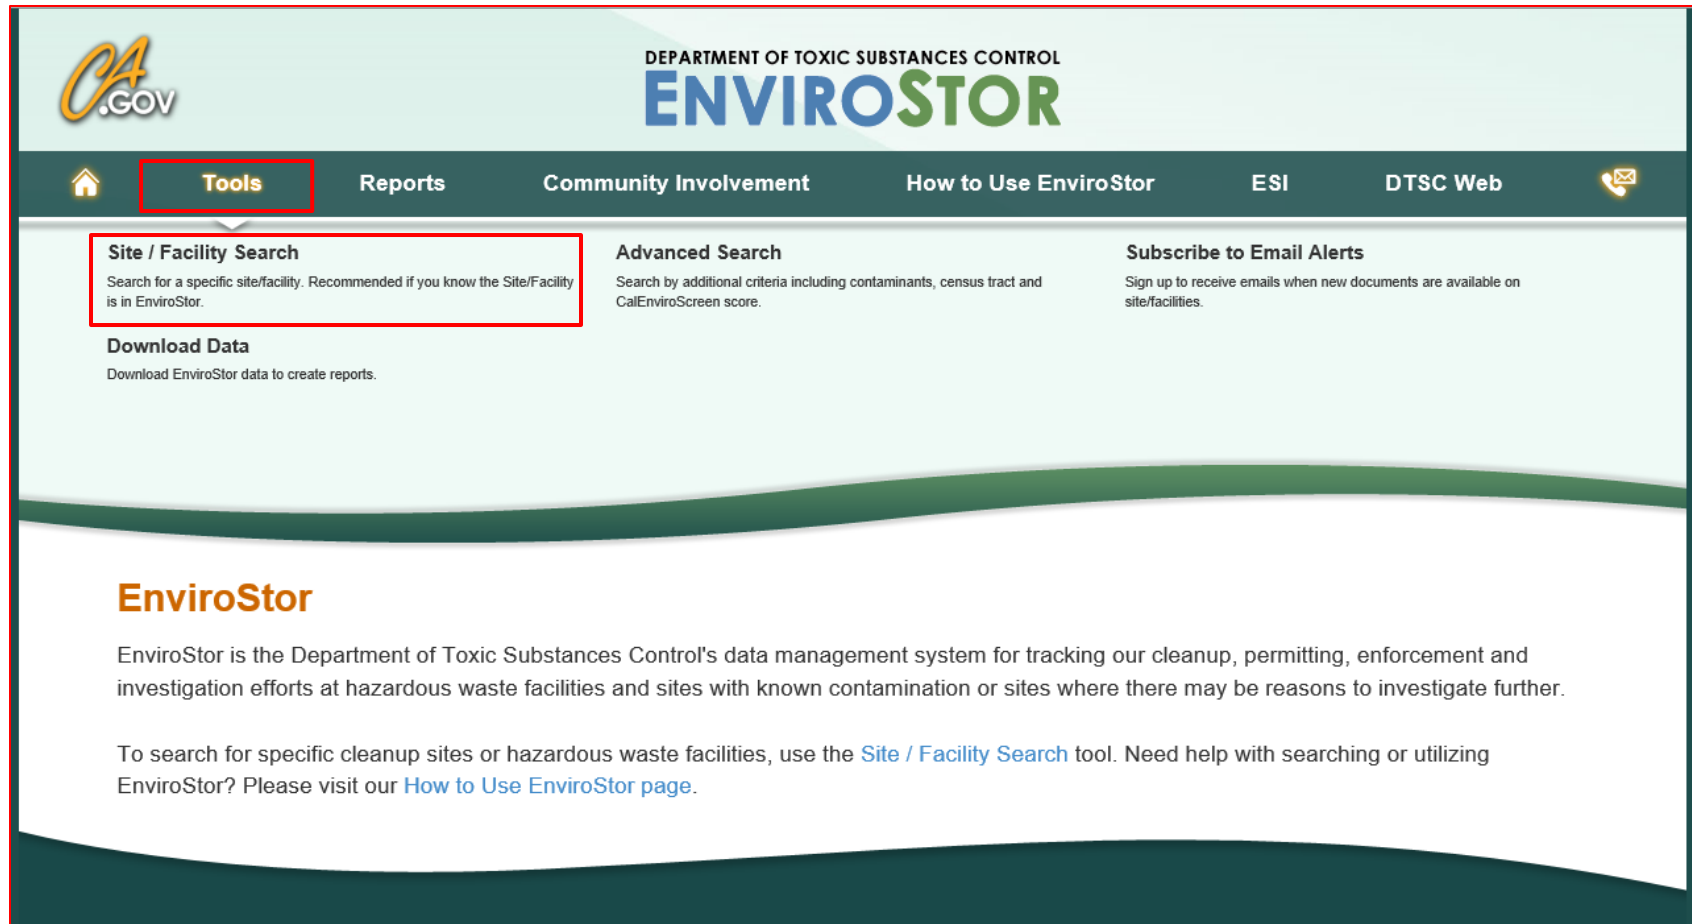

- If you are interested in a specific site type, you can modify the type of sites that show up on the map by checking or unchecking the checkboxes in the legend.

How to Search EnviroStor

I know the site/facility is in EnviroStor and have specific information regarding the site/facility (ie EPA ID):

The **Site/Facility Search** tool allows you to search for a specific site/facility. It is recommended that if you are not sure the site/facility is entered into EnviroStor, that you start with the main Search on the home page .

1. The **Site/Facility Search** tool is available in the **Tools** menu.

How to Search EnviroStor

2. Enter the information, such as the EPA ID #, zip code or other search criteria in the respective search boxes and click **Get Report**.

TOOL TIPS:

- It is recommended that you start by entering partial information to cast a wider net. Entering information for multiple fields will help refine your search. You can also leave fields blank.
- Please note that when searching by Site/Facility Name, EnviroStor will also search for alternative names if they are entered into the system and return those in your results.

How to Search EnviroStor

3. Click on the **Report** link to the left of the site/facility you're interested in to see the site/facility details.

Click the **Report** link to view site/facility details.

TOOL TIPS:

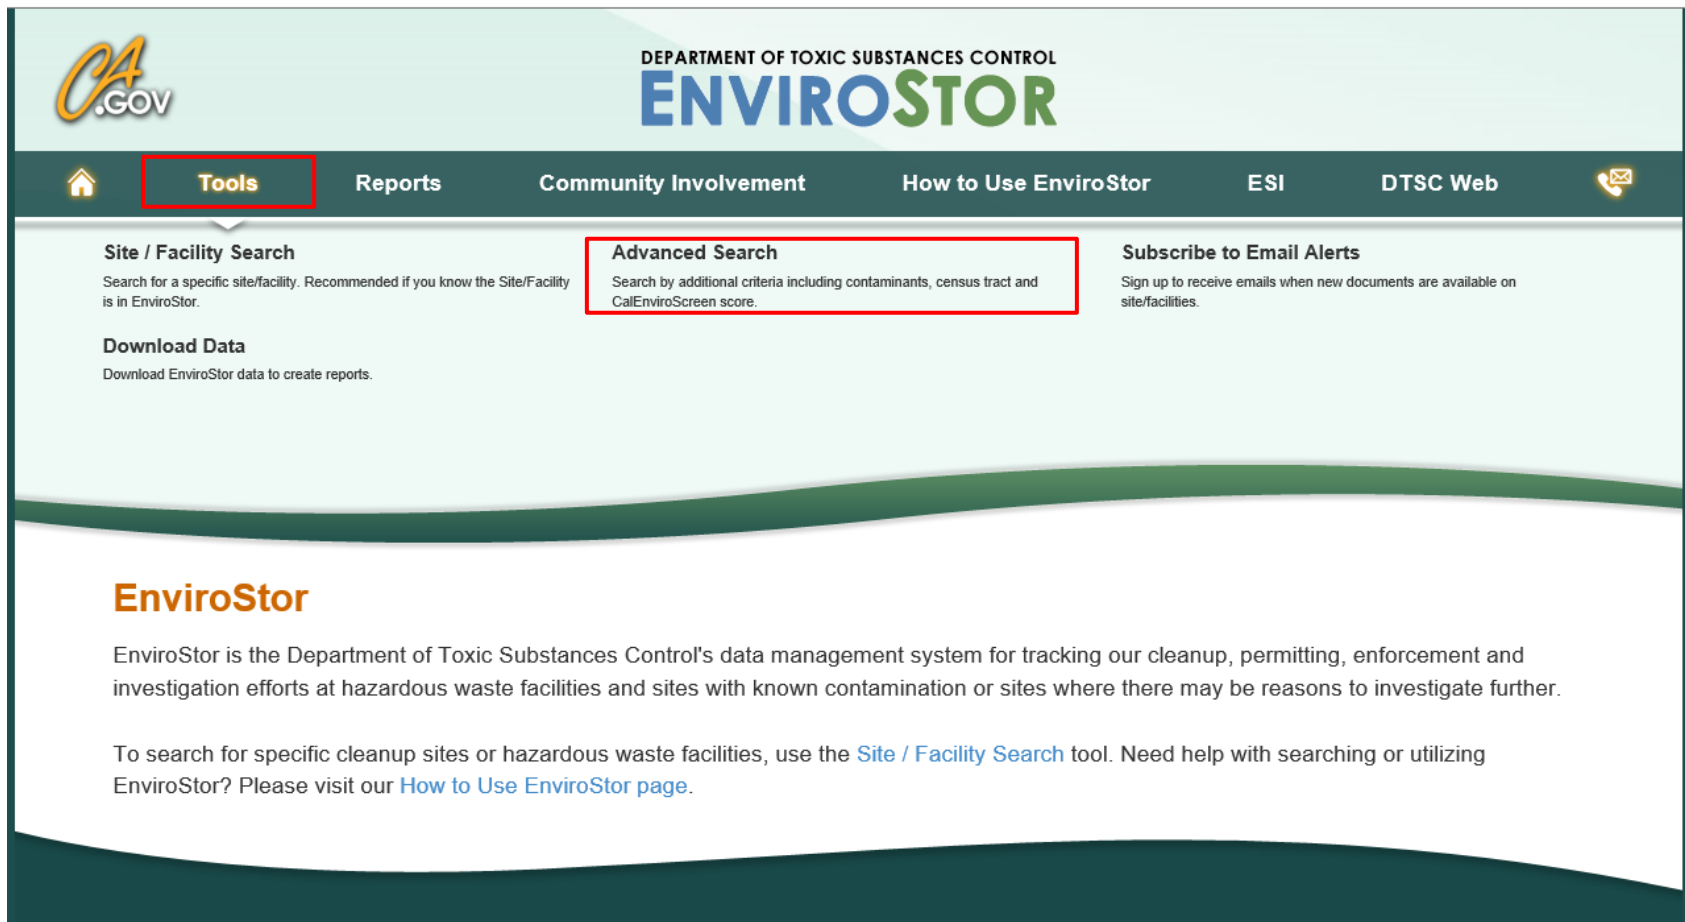

- All report columns can be sorted by clicking on the column name.
- Click the **Map** link to see the site/facility displayed on the map.
- Click the **Export to Excel** link to export your search results data to an MS Excel® file that can be saved.
- Use the **Status** filter to further refine your search.

How to Search EnviroStor

I have an Assessor Parcel Number (APN):

It is possible to search by APNs. However, APN information is only available for a limited number of Cleanup sites. It is recommended that if you search by APN and no search results are returned, then you search by other information such as an address.

1. The **Advanced Search** tool is available in the **Tools** menu.

How to Search EnviroStor

2. Search by entering the APN number in the APN search field and click **Get Report**.
